

## **UPDATE ON PROSPECT STREET CONSTRUCTION**

**September 6, 2013**

Representatives from the City of Marengo and IDOT held a preconstruction meeting regarding upcoming construction on Prospect Street. The project, which includes intersection upgrades on Prospect Street at Route 176 and Route 20, will begin by September 16<sup>th</sup>. Construction crews will be in the area prior to the start date to begin staging for the project.

Lane closures will take place on Prospect St. during construction so please be aware of construction crews when driving through this area. Construction is scheduled to be completed by the end of November. The project will include turn lanes on Route 176 and Route 20 onto Prospect Street, with the Route 20 intersection being signalized.

As this project is next to the Marengo Middle School, please use extra caution when traveling through the area during construction. The City will provide further updates on the project schedule and any lane closures once those details are available.
